We're Listening. We're Learning. We're Growing - Together.

BCHS is now asking patients a few optional questions during registration about:

- Indigenous identification
- Ethnicity
- Gender identity

➡ Why?

To help us:

- Better understand our diverse community
- Remove barriers to care
- Make services more inclusive and equitable
- Improve the health system for everyone

➡ These questions are voluntary, confidential, and part of our commitment to:

- Truth and Reconciliation
- Equity and Inclusion
- Our Strategic Plan, "People Pillar"

By asking, we're working to deliver care that's respectful, inclusive, and informed by the communities we serve.

Voluntary Self-Identification Questions

- ➡ At BCHS, we're committed to building an inclusive and equitable workplace. Last year, we introduced self-identification questions for patients to improve care for all communities.
- ➡ Now, starting December 1, 2025, staff can complete Voluntary Self-Identification Questions in Halogen.
- ➡ Your confidential participation will help shape future programs, leadership opportunities, and organizational supports that strengthen equity and belonging across TeamBCHS.

Win Prizes!

All staff who finish their Halogen self-identification by **December 29, 2025** will be automatically entered into the Self-Identification Contest!

100 x \$4 Tim Hortons Gift Cards
– random draw for all who
complete the questionnaire

2 x \$50 Tim Hortons Cards –
random draw for all who
complete the questionnaire

Team Lunch – for the department
with the highest completion rate
(80%+) at the end of month

Today, we wear orange to honour the National Day for Truth and Reconciliation. ❤️

At Brant Community Healthcare System, we are committed to the ongoing work of reflecting on the history and impacts of residential schools and affirm our commitment to listening, learning, and supporting the journey toward reconciliation.

Together, we stand in solidarity with First Nations and Indigenous communities to acknowledge the past and build a future rooted in respect, healing, and partnership.

Transgender Day of Remembrance (November 20)

Message from the BCHS 2SLGBTQIA+ Employee Resource Group

The Transgender Day of Remembrance is a solemn day of reflection and mourning for those whose lives have been lost to anti-transgender violence. For many, the day may come and go quietly, but for members of the trans community, every day holds reminders of why this day exists.

Being transgender often means living with a constant awareness of loss, discrimination, and political debate about our right to exist. Through headlines and social media, those realities can feel ever-present. That is why this day matters. It gives us all a chance to pause, remember, and reflect on how we can move toward a more compassionate world.

What can be hardest is not only the harm that makes the headlines, but the silence that follows. Many people hesitate to speak up out of fear of saying the wrong thing or not knowing what to say at all. But this day is not only for trans people. It is for everyone. It is a chance to reconnect with our shared humanity and dignity.

Behind every statistic and story are real people. People with names, families, hopes, and dreams who are simply trying to live authentically and safely. Here at BCHS, we are your coworkers, your patients, and your neighbours. Every act of listening, learning, and standing against hate helps make our hospital and community safer for everyone.

On November 20, you do not need to know everything about being transgender or hold a moment of silence perfectly. What matters most is choosing empathy over indifference and taking even one small step toward understanding and belonging.

Indigenous History Month Events

Wednesday, June 18, 12:00 - 1:00pm

"Ask the Doctor" Series - Dr. Karen Hill will be speaking on the Two Row Wampum at Indigenous Family Space located at A Wing Room 117, BGH.

Sylvie's Fight Against Breast Cancer: A Story of Strength and Survival

When Brantford resident Sylvie Namisniak returned home from a trip to Europe, she booked her regular mammogram. "My husband was already planning our next adventure to Spain and Portugal," says Sylvie.

But the test results revealed breast cancer — launching her into a complex, yet well-supported phase, surrounded by her family and dedicated caregivers at Brant Community Healthcare System.

A rigorous treatment plan followed: a lumpectomy, eight chemotherapy sessions, 25 rounds of radiation, several infusions, and seven years of daily medication —thankfully reduced from ten.

Through it all, Sylvie emerged strong, thanks to her grit and the exceptional care she received at BCHS. "My caregivers were remarkable — always smiling, always sincere. They made me feel like the only patient in the room. My husband attended every appointment, taking notes and sharing strength. Two people listening are always better than one."

Sylvie's journey was marked by its share of ups and downs. Still, her decision to undergo regular mammograms helped her receive timely, high-quality care at BCHS. We're proud to have been part of what she calls a story of "Never Give Up. Never Give In."

Brant Community Healthcare System hosts successful staff BBQ party

Titles are generated by AI from Meta

Our annual Staff BBQ Party was a huge success—thanks to delicious food from [Strodes BBQ & Deli](#) and [Rangoli Restaurant, Brantford](#), excellent coordination by our Recognition Committee, and the incredible team spirit at BCHS.

The event also featured external vendors and our "I Belong" booth, offering a unique blend of education and fun.

A big thank you to our dedicated teams at both the Willett and Brantford General Hospital for continuing to serve our patients with heart and commitment.

Kinesiology students contribute to workplace injury prevention at BCHS

Titles are generated by AI from Meta

Meet Halley and Brenna — Kinesiology students from Sheridan College who recently completed a 16-week placement at BCHS.

During their co-op, they made meaningful contributions through a Physical Demands Analysis (PDA) Project.

With support from the Organizational Health team, they:

- Reviewed and organized job roles to determine which needed a PDA
- Developed a risk assessment tool using real workplace data
- Used hands-on skills to measure and confirm physical job demands
- Created foundational resources for our Musculoskeletal Disorder Prevention Program, helping BCHS identify and reduce workplace injuries

Their work will have a lasting impact by helping to support the over 2,200 staff members at BCHS who provide vital work each day in delivering high-quality care to our community.

Huge thanks to Halley and Brenna for their dedication, and a special shoutout to Brenna, who returned to volunteer even after her placement wrapped up!

Indigenous nurses are essential to providing culturally safe, respectful, and responsive care. They bring a deep understanding of Indigenous knowledge systems, foster belonging, and ensure care reflects the unique needs of Indigenous communities.

In honour of Indigenous Nurses Day, BCHS proudly recognizes Kennedy Montour, Kristen Henhawk, Kate Morey, and Heather Bomberry for their dedication and meaningful contributions. Their presence strengthens relationships within the healthcare system and helps build a more inclusive and compassionate environment.

Nia:wen (thank you) for your care, commitment, and the difference you make every day.

 Read our special feature on Kristen and Kennedy as they share what it means to be a nurse at BCHS: <http://www.bchsys.org/.../celebrating-indigenous-nurses...>

"This is from all of us. We hope you feel better!"

With so much enthusiasm and holiday cheer, Graham Bell-Victoria Public School recently visited Brantford General Hospital with two simple goals: to gift 50 poinsettias and bring a smile to patients. Each year, BCHS is generously gifted poinsettias from the students and parent council. This year, these beautiful plants were presented to patients in the C4 Complex Care Unit and the C7 Complex/Palliative Care Unit.

We at BCHS thank the students and parents of Graham Bell-Victoria Public School and wish them all the very happiest of holidays!

"Anything to make it more comfortable."

Jessica Delottinville, Pediatrics and NICU Unit Clerk, and Hannah Slawek, Housekeeper, noticed how much joy pediatric patients found in the orange pylons around the unit.

Inspired by those happy faces, they thought, "Why not make them even more fun?" So, they rolled up their sleeves and hand-painted the pylons like crayons!

"One day, we saw a five-year-old patient hug a pylon, and we thought we could hand-paint them to make them more kid-friendly. Now, the favourite part of our day is seeing how happy the crayons make the kids! We always try to get creative in the hospital to make it more comfortable."

Small efforts combined with genuine care can brighten someone's day. We are so grateful for Jessica and Hannah's creativity and commitment to the patients here at BCHS.

Help Shape Our Recognition Program!

➤ *Your feedback matters!* ➤

At the heart of our **Strategic Plan's People Pillar** is a commitment to fostering a workplace where employees feel valued, connected, and appreciated. The Recognition Committee plays an important role in supporting this commitment through initiatives that bring our staff together and celebrate the contributions of our teams.

What We Do

Throughout the year, the Committee helps coordinate and support a variety of staff engagement and recognition activities, including:

- ✓ Holiday celebrations
- ✓ Summer BBQ events
- ✓ Annual Staff Recognition Awards
- ✓ The Thumbs Up recognition program
- ✓ Support for DEI-B celebrations and events

Why Your Feedback Matters

We're inviting all employees to share feedback on our Recognition Program and how we celebrate staff contributions. Whether you've taken part, nominated someone, received recognition, or have ideas for the future — your perspective matters.

Your feedback will help us better understand:

- ✓ What aspects of our recognition efforts are most meaningful to staff
- ✓ Opportunities to strengthen employee engagement and appreciation
- ✓ How our programs can continue to support a positive workplace culture

Share Your Thoughts

Your feedback will help guide future discussions and planning to make our recognition program even better!

Complete the survey!

While we may not be able to implement every suggestion, particularly given current budget considerations, your feedback will help guide future discussions and planning. We are committed to listening, learning, and identifying opportunities to enhance recognition in ways that are meaningful, sustainable, and aligned with our organizational priorities.

Thank you

for taking the time to share your thoughts and help us continue building a workplace where people feel appreciated and celebrated.

Management Forum Presentation and Session on Personal Leaves of Absence

Please [click here](#) to download the most recent Management Forum presentation.

We want to acknowledge the strong interest in further guidance on **personal leaves of absence**. HR is preparing a follow up session, and once scheduling is finalized, leaders will be notified.

This additional session will focus on walking through practical scenarios and on developing a leader checklist to support consistent decision-making.

Leader's Feature: Jennifer Bent Clinical Manager

Q. What book/movie/TV show made a lasting impact on you?

A: A Thousand Splendid Suns - Khaled Hosseini

Q. Do you have a personal motto or quote that inspires you?

A: You can do hard things.

Q. What is your dream travel destination?

A: There are many destinations I want to explore, but right now I really want to hike the Portuguese portion of the Camino de Santiago (Camino Portugues Coastal Way).

Q. What is something about you that people would be surprised to know?

A: I have recently begun reteaching myself to play the flute. I played for 6 years as a teen, including performing at weddings and community events and competing in the Kiwanis Music Festival.

Q. What hobby or activity helps you unwind?

A: Cycling, walking my dog, hiking, kayaking and reading.

Q. What is one piece of advice you would give to your younger self?

A: Whether you do it or not, the time will pass anyways.

Q. What song do you have on repeat?

A: DtMF and Where She Goes - Bad Bunny
I am also a big fan of 90's music - R&B, hip hop, alternative, and pop.

Patient and Family Advisors Second Annual PFA Recognition Event

You are invited to our second Annual Patient and Family Advisor (PFA) Recognition Event on **June 9, 2026**, in the EL4 Conference Room from **3:00–5:30 PM**.

This event is an opportunity to celebrate and recognize the meaningful contributions PFAs make across the organization and within your quality council teams.

Thumbs Up:

If you work closely with a PFA (or PFAs), we encourage you to consider submitting a nomination for a "Thumbs Up" award, which will be presented during the event. Your recognition can inspire others and highlight PFAs' impact across the organization.

[Click here](#) to nominate.

You're welcome to join for any part of the afternoon:

- Meet and greet: 3:00–4:00 PM
- Awards ceremony: 4:00–5:00 PM
- Reception: 5:00–5:30 PM

Thank you for your continued support of our PFAs—we hope to see you there.

Patient and Family Advisors PFA Tip Sheet

We are sharing a Patient and Family Advisor (PFA) Tip Sheet to support leaders in meaningfully engaging PFAs as partners in care. This practical guide outlines when and how to involve PFAs in planning, decision-making, and improvement initiatives. [Click here](#) to download the document.

Why: Engaging PFAs is a key part of our 2025–2030 Strategic Plan and our commitment to co-designing the best possible care experience with patients and families. PFAs offer valuable perspectives that enhance safety, quality, and person-centred care, helping us move from caring for patients toward truly partnering with them.

How: Leaders interested in collaborating with a PFA can fill out the attached [PFA Request Form](#). While we aim to match each initiative with an appropriate advisor, this may not always be possible. In those situations, the Patient Experience team can support leaders in identifying alternative ways to incorporate patient and family perspectives.

Please reach out to PatientFamilyAdvisory@bchsys.org or Sara.Fretz@bchsys.org if you have any questions.

Good News Story

Careers in Healthcare Event Inspires Future Healthcare Professionals

Last week, student volunteers at BCHS had the opportunity to explore a variety of career paths through our Careers in Healthcare event. Staff from six different areas across BCHS provided engaging presentations and department tours, giving volunteers a behind-the-scenes look at the many rewarding roles that contribute to patient care every day.

This event showcased the diversity of BCHS' workforce while creating meaningful opportunities for career exploration, professional growth and future recruitment. Many members of the team began their healthcare journeys as volunteers, and initiatives like this help inspire the next generation of healthcare professionals.

A special thank you to our Volunteer Engagement team and all the staff who generously shared their time, knowledge, and experiences to help our student volunteers learn more about the many career opportunities at BCHS.
